

Carling Township is a small rural municipality that services a mix of year-round and seasonal residents. We are fortunate to have a great recreation setting with numerous in-land lakes and the beautiful Georgian Bay islands and waters to enjoy. Our area is renowned for its picturesque wind-blown pines, sheltered waterways for fishing and boating, and gnarled rocky islands emerging from the water that make for recreation opportunities in pristine environments. As well, winter provides excellent recreation opportunities for whatever your winter pursuit. We are also a popular tourist destination with resorts, restaurants, marinas, parks, and tourist outfitters to meet all your needs.

While searching our web-site keep in mind that we have friendly staff who are more than willing to help out. Feel free to contact us if this site doesn't answer all your questions.

Enjoy your time in Carling!
